

# REMOTE COMMENTARY FACILITIES

Professional Remote Commentary Facilities located at our Singapore office

Deliver professional, high-quality sports commentary with SNTV's Remote Commentary Facilities—designed for broadcasters and rightsholders who need a seamless, **fully-equipped space** for live and post-production audio services.

Located in our Singapore office, these **state-of-the-art commentary rooms** provide the perfect environment for high-quality live sports commentary, voiceover production and podcast recording.

## WHO IS IT FOR?

Our Remote Commentary Facilities are ideal for:

- **Broadcasters & rightsholders** requiring live remote commentary for international sports events.
- **Digital publishers & content creators** looking for high-quality voiceover recording for post-production.
- **Podcast producers** needing a professional recording environment.

## KEY FEATURES

- **Two dedicated commentary rooms** equipped for **live audio commentary** and voice recording.
- **Full connectivity** via **SRT, satellite, and streaming**, ensuring seamless global distribution.
- **Live production support** through our Singapore Master Control Room (MCR).
- **Available for all sports**, tailored to specific client requirements.
- **Post-production voiceover** for long and short-form scripted content.
